

Principles of Instruction

Research-Based Strategies That All Teachers Should Know

- Read through the research-based strategy assigned to you
- Present your strategy (2-3 minutes) to the rest of the group

Your presentation should address:

- What does this strategy teach you about how students learn?
- An example of how you could implement this strategy in your teaching.

1. Begin a lesson with a short review of previous learning

2. Present new material in small steps, with student practice after each step

3. Ask a large number of questions, checking the response of all students

4. Provide models

5. Guide student practice

6. Check for student understanding

7. Obtain a high success

8. Provide scaffolds for difficult tasks

9. Require and monitor independent practice

10. Engage students in weekly and monthly review
